

## Technical Product Owner (f/m/d)

 Deutsch

#ProductOwner #SoftwareDevelopment #ITArchitecture #Agile

RefNr. 2025-00403/IV | 21.04.2025

Our client is a globally leading provider of innovative software solutions for logistics and automation systems by renowned companies. Operating in a dynamic and agile environment, they leverage cutting-edge technologies, future-proof architectures, and a strong developer community. Located in **Graz**, you will take on the role of **Technical Product Owner (f/m/d)**, assuming responsibility for a state-of-the-art software platform – the digital core of our solutions. In this hybrid role, you will collaborate as a Software Architect with development teams to design high-performance, scalable, and future-proof software architectures.
